**Date:** November 16, 2007

Based in large part on feedback and suggestions I have received, I have asked the following individuals to serve on the Search Committee:

Chair	John Siliciano, Vice Provost
College Faculty	Chih-Chang Chu, Fiber Science & Apparel Design
College Faculty	Dan Lichter, Policy Analysis and Management
College Faculty	Rebecca Stolfus, Nutritional Science
College Faculty	Nancy Wells, Design and Environmental Analysis
College Faculty	Ritch Savin-Williams, Human Development
Outside Faculty	Kim Weeden, Sociology, Arts & Sciences
Academic Dean	Harry Katz, Dean of the School of Industrial and Labor Relations

The committee will begin meeting immediately and will work with John Siliciano to help identify student and staff representatives to serve on the Search Committee. I hope to move the search forward as expeditiously as possible and remain fully committed to finding an outstanding individual to lead the College. We will do our best to keep you informed throughout the search both through the search web site and through periodic e-mail messages such as this one. The URL for the search website is:

It would be particularly helpful at this time if you would help identify both nominees for the deanship and sources the search committee should contact to solicit nominations. You can send these, along with any comments or questions that arise throughout the process, to the special mailbox we have established for the search:
